

Weavers: Grandma's Quilt

HELP - On Piece B, cut out the strips on the dashed lines.
- On Piece A, don't cut the strips all the way through, but only on the dashed lines. Staple or tape the Piece B strips to the matching numbers on Piece A, make sure to hide the number. Starting with number one, have your child weave the piece over and under the other strips. When completed, staple or glue the bottom pieces together.

Piece A
