

Harvest Time Rhymes

Directions

- Color and cut out the pieces.
- Explain to your child that he is going to pretend he's a farmer and has to hurry to get his crops ready for harvest.
- Read a word card to your child. If the words rhyme give your child the field piece and have them race to put it down on the floor. If it doesn't rhyme, have your child wait until the next words that rhyme.
- They are done when they put their tractor on. Optional: Give your child a special snack that was grown by a farmer.
