ACTIVITY:

Cupcake Colors

Have six bowls of white frosting. Explain that the primary colors are red, yellow and blue. Add a drop of each color in a bowl and let the children stir it. Then explain that you mix the primary colors to get the secondary colors. Then mix red and yellow to make orange, blue and yellow to make green and red and blue to make purple. Then let the children decorate a cupcake with the frosting. Then give each child a candle to put on top.
