1 Welcome: Play

2 Language

 **WORKSHEET: Journal Entry: Airplane**

 **WORKSHEET: A-F Airplane Memory Match**

3 Math

ACTIVITY: Rocket Ship Blast-Off

Have the children crouch low on the floor and count to five. Then say, "blast-off!" Jump into the air and fly like a rocket. Do it again, counting to a different number or try counting down. Try spinning like a helicopter, flying like an airplane, or driving a race car.

WORKSHEET: Counting Penguin Passengers

4 Music

ACTIVITY: Airplane Freeze

Play or sing music while the children fly around like an airplane. Stop the music and say, "freeze down low." They freeze until you say, "fly up high," and start the music again.

5 Science

WORKSHEET: Paper Airplanes

6 Art

ACTIVITY: Flying Airplane

Using the airplanes the children made, let them experiment flying them. Try some airplane races, or see how far they can fly their airplane. Mark where it lands.
