

Old Mother Hubbard

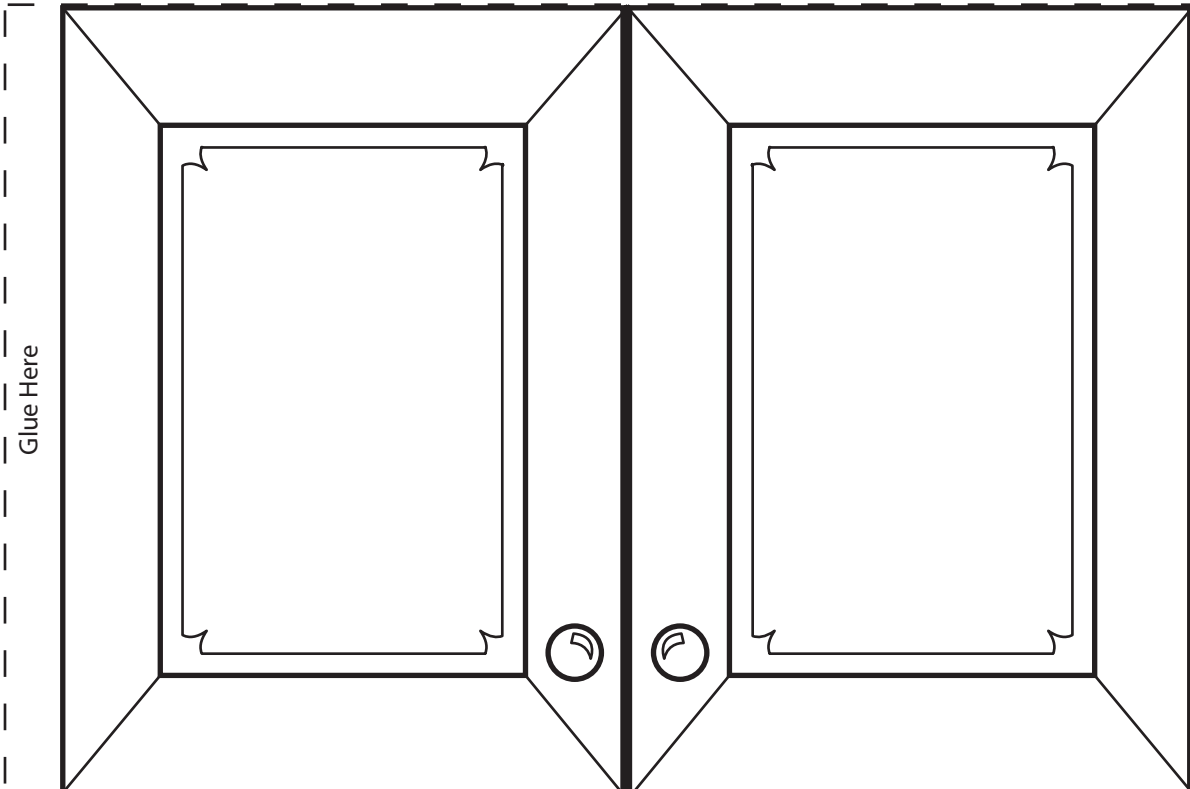

HELP - Color and cut out pieces. Glue the cupboard doors onto the cupboard, make sure they can open and close.
- Hand out the mother and dog piece. Each player then gets four bones.

RULES - The first player hides a bone under a cupboard door.
- The other player guesses where the bone is. If he guesses correct, he keeps the bone. If not, the player that placed the bone keeps it.
- Play until all eight bones have been hidden. The player who collected the most bones wins.

Old Mother Hubbard
Went to the cupboard
To fetch her poor dog a bone
When she got there
Her cupboard was bare
And so the poor dog had none
