

Paper Snowflakes

EXPLAIN - Snowflakes are made when water becomes cold enough to form into ice crystals. Each snowflake is different.

HELP - Fold and cut out snowflake.

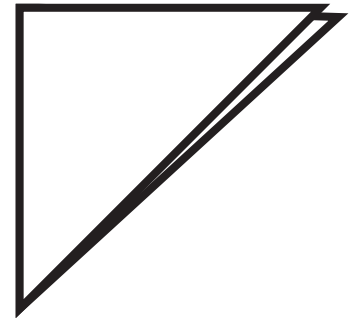

CHILD - Using a fan or hair dryer, try to keep your snowflake in the air.

1

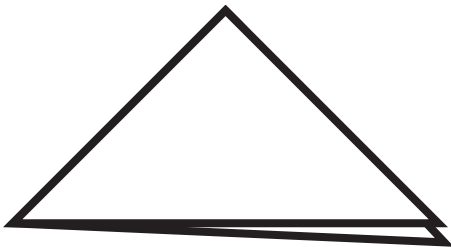

Fold a square paper in half to form a triangle.

2

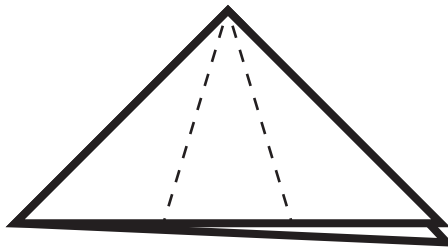

Fold the triangle in half.

3

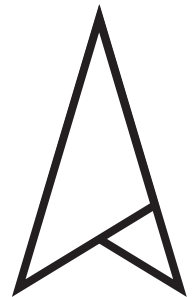

Turn the paper to make the tip of the triangle face up.

4

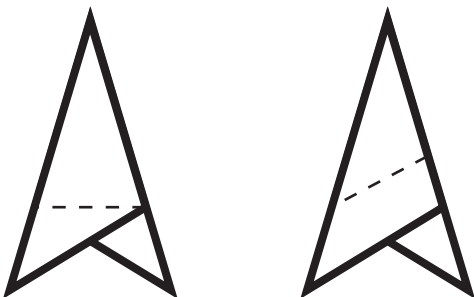

Fold both sides of the triangle over on the dashed lines.

5

The remaining piece should look like this.

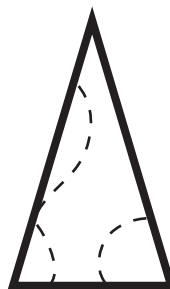

6

To make a circle snowflake cut on the dashed lines.

To make a pointed snowflake cut on the dashed lines.

7

Cut a design out of the triangle.

8

Open the piece to see the snowflake.
