

Sunshine Nature Walk

EXPLAIN - Even though the sun is far away from earth, it is so hot that it keeps the earth warm and light. The sun makes us feel warm and happy. However, we need to protect our bodies from the sun with sunglasses, hats and sunscreen.

HELP - Go on a nature walk and collect items in the folder.

CHILD - When back, place the items on a piece of construction paper. Place it in the sun and let it sit until the paper is bleached.
