

To Grandma's House Seasons Game

EXPLAIN - The earth moves around the sun, causing different seasons. During each season we have different weather and we do different things.

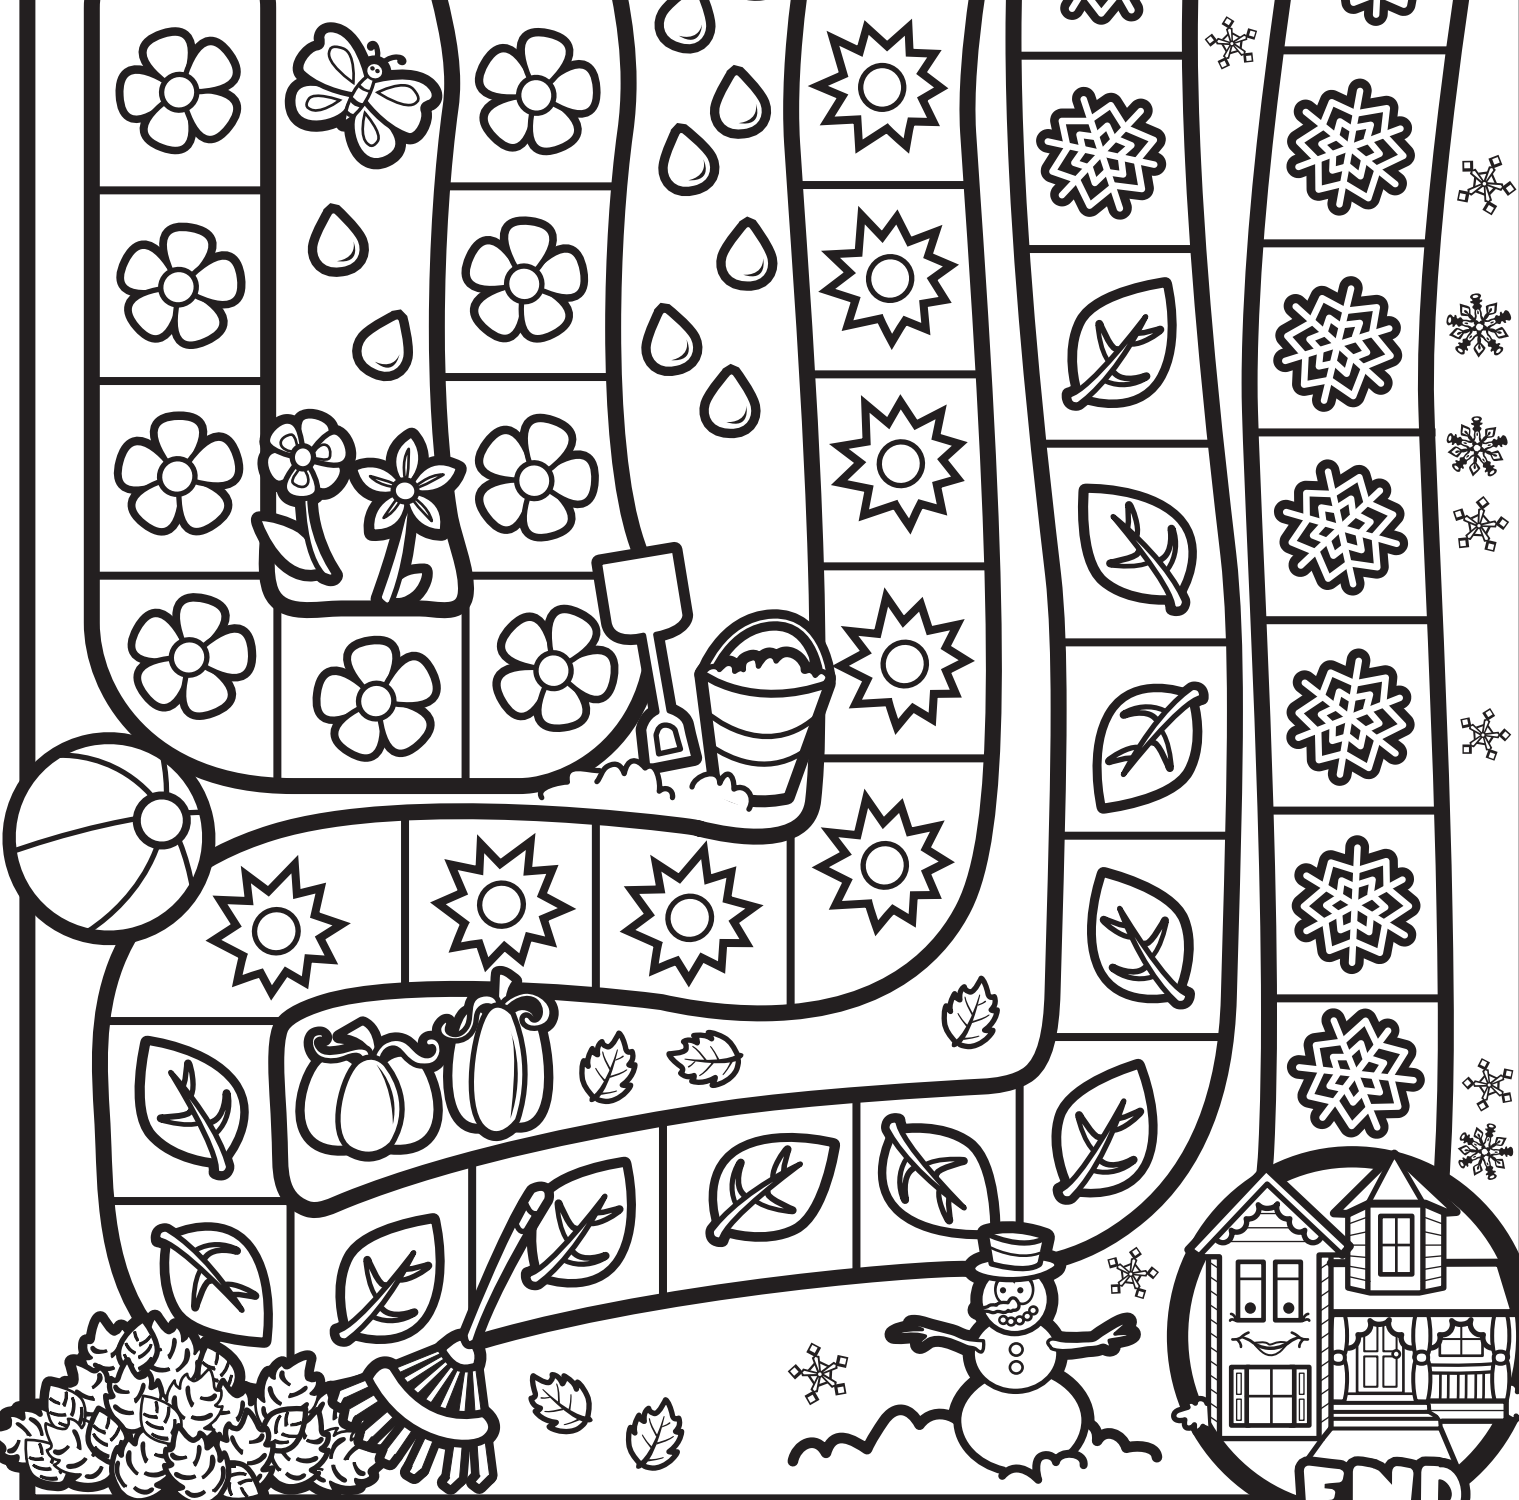

HELP - Color and cut out pieces. Fold the child pieces in half and use to move on the board.

RULES - Choose which piece to be and put at start. Pick a card and either move forward or backward. The game ends when everyone makes it to the end.
