two wax paper pieces 8-1/2" X 9-1/2", a sheet of dark construction paper, tape, iron and ironing board

Welcome Time: Free Play

Language Time

Worksheet: Journal Entry: Rain

Worksheet: Letter R

Worksheet: Tell Your Own Story: The Raindrop

Math Time

Worksheet: Crazy Counting Raindrops

Music Time

Sing song with actions: "Eensy Weensy Spider"

(get creative: make up new actions or act out the song)

Science Time

Water Container Experiments: Give children a variety of containers. Put down a towel and let them experiment pouring water between the different containers. Try using spoons to move the water or a spray bottle. Which container holds the most? How many cups does it take to fill up a container? Try adding ice, rocks, sand, sugar, flour, marbles, or paper.
