

Window Rainbow

Directions

- Cut two pieces of wax paper to 8-1/2" X 9-1/2".
- Tape one of the wax pieces to a hard surface and let your child color.
- Put the other piece of wax paper on top of the colored one and iron both sides, don't use steam.
- Cut out the rainbow pattern below, trace onto a piece of construction paper and cut out the rainbow shape.
- Tape the wax paper to the back of the construction paper and tape onto a window to display.

Materials

wax paper
construction paper
scissors
tape
iron
